PRAYER UPDATES .

Charles Morgan - his brother, Dan Morgan, passed away 2/14; please pray for their niece, Julie, who will be handling various things for Dan; unsure of either one's salvation

Art & Robin Allen (The Navigators) - anticipating to see & reengage w/soldiers that are returning to Fort Hood after deployment.

Phil's Update - This wk. marks 3 of final 6 wks. of chemo./ Phil will spend 5 of those wks. in the hospital/ he's doing well both physically & emotionally; leg cont. to heal from reconstruction surgery, surgeon hopes he'll be off his crutches by end of April; Side effects of the chemo. require periodic tests - most important monitor Phil's heart & hearing. Recent tests showed his heart remains unaffected by the chemo. However, has some hearing loss in right ear & likely be permanent (hearing assistance not needed at this time). Emotionally remains rock solid/ bored in the hospital & uses his time to get ahead in school/ Phil's friends have been amazing: visit regularly at hospital, come over & hang out, stay the night, & cont. their weekly Bible study / PRAY: Praise our Heavenly Father for His mercies, comfort, strength, as well as Phil's healing. Cont. healing of Phil's body, resistance to illness, & side effects of treatment. Opportunities to encourage others going through the same/similar situations. We'll have patience w/ each other as we finish treatment & transition back to our "normal" schedule.
